MUSIC

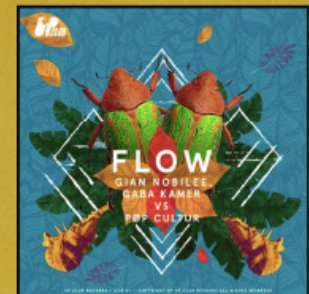

2018 had been a very busy year not only as a dj but as a music producer for Gian Nobilee, full of personal satisfactions, taking Gian to the top of the scene as one fo the best remixers in the world, winning the (Dimitri Vegas & Like Mike label) SMASH THE HOUSE remix contest for the Angemi's song SHOW YOUR FLAME, chosen from thousands of remixes by Dimitry Vegas himself. The remix has been played all over the world especially at one of the best clubs in Ibiza "Ushuaia" , by the best dj' s and has even been added to the TOMORROWLAND by Dimitry Vegas & Like Mike playlist on Spotify.

Another hit song that has made Gian very well known was a great remix with over 1.500.000 plays on all musical platforms, this time remixing the world hit "LA LOUZE" by Shanguy. The success of the remix was so big that even the SHANGUY started playing the remix instead of the original in their shows! Not only remixes of hits he started his own original music that started making noise in the industry with FLOW that got signed on the Brazilian hit maker Alok' s label UP CLUB, reaching #11 position on the TOP 100 Beatport chart "Future House" and was in the charts for over 2 months. Another big goal for Gian Nobilee' s career has been winning the 3th place of SPINNIN RECORDS remix contest for "SUSHI - Merk & Kremont"

These are only few of the many releases that he made in 2018. 2019 is going to be another bigger and more important year for Gian Nobilee, in the first 6 months of the year Gian played at Supersonic Festival (India) as a surprise guest closing Marshmallow' s set making every one go crazy. He has already achieved 3rd place as best remixer 2018 at the Italian Dance Music Awards, and to finalise his amazing year he got 3rd place for the SPINNIN RECORDS contest for the remix of SUSHI - MERK & KREMONT.

There is much more coming, already signed a big collaboration with the TOP 50th DJ MAG Portuguese producer DIEGO MIRANDA on Alok' s Label UP CLUB and his brand new single for TCHAMI' s label CONFESSION...

So my advice is to keep an eye out for what new and up coming ...
